

Circus Black _Pendant

Circus Black is a family of pendant lamps created by combining the Baby lamp with a ceramic diffuser, handmade and hand-painted in Italy. The diffuser is available in two sizes (Ø 24 cm and Ø 35 cm) and differs from the other family in the collection through its black upper section, instead of the striped finish. The inner surface is the same as the other variant and is offered in five colors: white, blue, red, yellow and green. The LED light source with TRIAC dimming is available in 2700 K or 3000 K color temperatures. The lamp can be used as a single fixture or in multiple compositions, thanks to dedicated canopies designed for modular installations. Circus Black is intended exclusively for indoor use (IP40) and is suitable for living areas, dining tables, lounge spaces, and hospitality projects.
